

Betting & Gaming

For almost 20 years the firm provides a full range of services to a great number of gaming betting and software operators on regulatory compliance and corporate matters.

Over the course of these two decades we regularly advise many of the world's largest gambling operators casinos software developers PSPs and manufacturers of gambling equipment in relation to the provision of goods and services in the Greek market on marketing licensing and operational matters.

We also act for and represent our clients in litigious and administrative disputes and often assist leading international corporate law firms providing specialist insight particularly in relation to M&A's in the gaming industry.

“with knowledge and experience in licensing and online gaming”

Our Betting & Gaming law practice combines key sector knowledge technical ability and a commercial focus which ensures that our clients receive the best possible support and guidance at reasonable costs.

Relied on by developers owners private and institutional investors corporates lenders and underwriters we assist our clients in obtaining first-hand knowledge of the industry trends and their impact on the business and we help them navigate the complexities of the markets in which they operate.

Our lawyers have excellent knowledge and experience of the issues relating to online gaming including licensing of operators manufacturers suppliers content providers affiliates and test labs under the new regulatory regime which is in full effect since August 2020.
